Warranty	BTI provides a limited warranty to the original owner of BTI's product against defect in materials and workmanship from the date of original purchase from a registered reseller or end-customer for a period of 18 months - The capacity of all rechargeable batteries will decline over time depending on the use and charging/discharging process. This is considered normal and therefore, a reduction in battery capacity is not covered under warranty. The battery is only warranted from defects in material or workmanship resulting in failures. Reduced runtime is not warranted and will vary depending on the power management settings and configurations that are set on the mobile device as well as the number of times the battery has been charged and discharged. Please be advised that rechargeable batteries are considered 'consumable products' and warranty coverage is limited to a battery not being able to receive and hold a charge.
